Dear Mr Seixas:

I apologize for writing in english, but I do not speak your language. I am a 20-year-old student from Barcelona who is very fond of painting, sculpture and visual arts.

I have followed your career during the past two years as much as possible, but it is quite hard to find information about your work in Spain. I have been limited to several catalogues and articles.

I would like to have one of your works at home, but I will have to wait until I can afford it.

I am writing to ask for an autograph. Since I can not afford any of your works (hopefully, some day), at least I can treasure your signature.

Enclosed is a piece of paper and an envelope, but I have not been able to find stamps from your country.

I hope you will not find my letter indolent or troublesome. I look forward to hearing from you soon, and I thank you in advance for your consideration.

my best regards

A stylized, handwritten signature in black ink, consisting of a large 'C' followed by a series of loops and a long horizontal stroke at the bottom.
